The Grand Canyon is perhaps the most awesome sight in the United States and one of the wonders of the world. Much of the park's beauty is related to its geology and ecology. Schmidt explores the shape of the land, its plants and animals, and its human history. A fascinating book that everyone visiting the Grand Canyon should read. A pretty little popular description of the fauna, flora, geology, and briefly man's place in the great and diverse chasm. A large section of excellent color plates augments the b/w photos throughout.
