2 of 2 review helpful Very comprehensive By Isabel Bohn I like Frommer's guides This one is very good but heavy to carry along and the print is very small I used a magnifying glass This is the only reason I only give it 4 stars The information is comprehensive and well described I mostly use hotels.com tripadvisor and yelp for hotels and restaurants So I would prefer a guide without hotel and restaurant suggestions Completely updated every year Frommer's Arizona features hundreds of gorgeous color photos of the sights and experiences that await you Our expert author has researched the best hotels restaurants shops and nightlife spots in Scottsdale and Phoenix and takes you to every corner of the state from small southern towns such as Tombstone to the Four Corners Region where visitors can connect with Hopi and Navajo communities Extensive From the Back Cover Hundreds of color photos Free pocket map inside plus easy to read maps throughout Exact prices directions opening hours and other practical information Candid reviews of hotels and restaurants
