0 of 0 review helpful Two Stars By James Smith poor 1 of 1 review helpful Grand Canyon By Satisfied customer Ordered this mostly pictorial book about the Grand Canyon for a friend who loves going there Beautiful pictures and nice commentary 0 of 0 review helpful Great view By Customer One trip and it leaks Nowhere else on earth has

nature produced so striking an example of the power of running water and in doing so exposed so much of the early history of the North American continent The mile deep gorge and the ancient land around it disappearing on the horizon in either direction are among the last sanctuaries in North America of the wild and inaccessible The Grand Canyon presents a spectacle of awesome grandeur and natural historical significance unequaled elsewhere From the Publisher This book is dedicated to all who find Nature not an adversary to conquer and destroy but a storehouse of infinite knowledge and experience linking man to all things past and present They know conserving the natural environment is essential
