(Travel Guide):

12 of 13 review helpful Really two books in one By Michael Gasperi About half of the book describes various cruise companies and their ships Only good if you are starting a vacation from scratch and have no idea what cruise you are going to take The other half is about ports I really like the port information because it is geared just for cruisers No useless information about hotels and nightlife that you Get the Scoop from a Cruising Insider ensp Fodor rsquo s relies on a cruising expert who knows the industry inside and out Freshest Facts ensp You won t find a more up to date guide to the best European ports Our writers seek out hot spots while verifying that current listings still meet our high standardsTravelers Like You ensp Get candid advice from fellow travelers at Fodors com and read their ldquo Word of Mouth rdquo
