below is the information provided on the companys website prices for the mule rides and information on making reservations are located on the grand canyon Fodor's Arizona and the Grand Canyon 2008 (Travel Guide):

3 of 3 review helpful Very Helpful Informative By vpelham For several years I've been using the Fodor's published books when going on vacation and wouldn't consider another product. When planning my visit to Arizona having never been there it was very helpful and detailed. The book is organized very well and now contains comments that have been submitted by other travelers. The book also contains a LOT of information. With more than 29 million visitors last year Arizona continues to lure travelers with its varied attractions. People come to explore the outdoors and the state's three national parks; they visit the outstanding museums and galleries, learn about Navajo and Hopi culture, and usually try the tequila. And that's just for starters! Each chapter opens with illustrated orientation and planning pages that include a map, Top Reasons To Go, and more. In terms of comprehensiveness of coverage, the very accessible format and the enthusiastic tone this series remains one of the best on the market. Booklist nbsp; Fodor's super informative guidebooks are known for accuracy and attention to detail.
