By David Stern : How Not to Buy a House in Arizona and Other Atrocities trump administration backs geoengineering full disclosure of the climate engineering atrocities grows near How Not to Buy a House in Arizona

and Other Atrocities:

0 of 1 review helpful Great Book By David Stern This is a great book I am the author I saw a hardback of my book on and decided even though I thought it was overpriced that it would be good to have an additional hardback and it was cheaper than going back to the publisher Xlibris for another BOD copy Thank you This how to book with a how not to title will save you money when you buy a house The writers are self described houseaholics In Seattle they bought five in Arizona three Other deals fell through when the builder wanted to put their money into his bank account instead of escrow when a house flunked the termite inspection and when the builder simply refunded their money without explanation They learned a lot The hard way Now they want you to learn a lot the ea
