3 of 3 review helpful I Changed My Travel Plans Because Of This Nifty Book By Emily I bought an older edition of HIDDEN HIGHWAYS OF ARIZONA but what I read caused me to change my route plans and I m glad I did My husband and I went on our second honeymoon in January 2010 and we had planned to drive up I 17 and then head East on I 40 But after looking through this book we decided to take Highway 60 to Globe then he This guidebook to the highways of Arizona features eight routes including the popular Grand Canyon loop drive and the little traveled Hopi Mesa Trail The book also guides travelers down secluded side roads to find ghost towns red rock canyons and other areas It zeros in on the most distinctive or unusual places to stay including one of only two surviving wigwam style roadside motels
