8 of 8 review helpful Short version of Moon s Utah By Kindle Customer I already purchased Moon s Utah and thought

I'd get this book believing it would go into much further detail on the national parks WRONG This book is basically a short version of the Utah book leaving out areas north of the park and duplicating most of the info about the parks that you can find in the larger book I wish I would have known that so I c Seasoned travel writers W C McRae and Judy Jewell offer an in depth look at the National Parks of southeastern Utah from the awe inspiring sandstone cliffs of Zion to the otherworldly rock formations of Arches The authors provide suggestions for great trips such as the Best of Southern Utah's National Parks and Standing High The Best Vistas Packed with information on dining transportation and accommodations Moon Zion and Bryce has lots of options for About the Author Bill is the coauthor of several travel guides including Moon Utah and Moon Montana both with Judy Jewell He has also edited books for National Geographic and Mobil Guides and has written for websites like GORP.com and Expedia.com In his spa
