From Brand: Arizona Highways Books : The Mountains Know Arizona: Images of the Land and Stories of Its People the white mountain independent provides news from arizonas white mountains let the white mountains know what youre thinking arizona mountains did you know there are 193 mountain ranges in az i had no idea there were so many mountains until i did some research if you love arizona like i The Mountains Know Arizona: Images of the Land

and Stories of Its People:

3 of 4 review helpful Great photos but you'd think mountains have no geology By James Safranek Yes stupendous top notch photography but my high expectations from the author Collier a geologist by training were dashed against the rocks when I discovered nearly zero geology in the text Collier wrote **A LAND IN MOTION** about the San Andreas fault and you'd think he could've included more on a subject near and dear to him From Wikipedia Michael Collier is an American photographer His work is often photography of landscapes Collier's photographs in the book **The Mountains Know Arizona** won the National Outdoor Book Award in 2004 for Design and Artistic Merit
