0 of 0 review helpful El Gran Cañón is a wonderful Spanish language version By lahna I am so glad to find this book for my Spanish speaking friend It is a beautiful book both the story and excellent photography It gives a very good description of the canyon the archeology the history A very good book to read in any language to prepare for a

trip to the canyon Or if one cannot go this is the next best thing Stunning photographs illustrate the Grand Canyon from rim to river Look out over panoramic vistas from the South Rim and North Rim and descend into the depths of the inner canyon where the Colorado River flows past walls of rock that tell a geologic story billions of years in the making
