By Richard Hayman : Three Gorges of the Yangzi: Grand Canyons of China (Genius of China Close-Up Guides) Three Gorges of the Yangzi: Grand Canyons of China (Genius of China Close-Up Guides):

Traveling up the rapids of the Yangzi is more difficult than climbing to heaven said Du Fu in the eighth century

Despite the legendary difficulties of navigation the river's magnificent Three Gorges have attracted tourists for their grandeur and beauty. In this book each of the Three Gorges comes to life in a dramatic juxtaposition of the bustling human activity on China's busiest waterway and soaring high above breathtaking views of natural monuments that have inspired awe and admiration for thousands of years. About the Author: Richard Hayman is a writer, composer and adventurer who has traveled through the Three Gorges more than 100 times. Formerly operations director of Victoria Cruise Line, the Yangzi's premier cruise line, Hayman has an intimate knowledge of the area.
