Driving Arizona, 3rd:

2 of 2 review helpful I really do love this book By R4mbl3R I have used this book as a reference for a few great scenic drives in Arizona It provides a lot of information and a lot of drives But I feel the layout could have been a bit better I think the book should be laid out by region so you can do multiple in one shot and there should be larger maps for each drive A lot of the drive maps do not have major cities Take a memorable trip along 30 of Arizona's most spectacular landscapes and natural wonders the Grand Canyon Petrified Forest Monument Valley and the Sonoran Desert and enjoy special attractions and historical points along the way From the Back Cover Pack up the car and enjoy thirty separate drives through the deep canyons cacti spotted desert plains and grassy prairies of Arizona
